Motorists Without Wheel Tax Face \$25 Bail Penalty

Granite City motorists who fail to purchase and display automobile wheel tax stickers will be required to post \$25 cash bail when picked up in a wheel tax roundup scheduled to get underway next Monday, June 15, Chief of Police Raymond Willard warned today.

Because of the extent of the bail penalty, Chief Willard said he was putting off the drive for another week to provide ample warning to motorists who have not yet purchased stickers or have not placed them on their windshields.

He said failure to purchase a wheel tax sticker is violation of a city ordinance and such violations by law require posting of a \$25 bail. Therefore, he pointed out, "there is nothing to do but abide by the law and require \$25 bail in each case where a motorist is picked up for failure to own and display a wheel tax sticker."

Last year, the city clerk's office reported it sold a total of 11,559 wheel tax stickers. This year approximately 7500 have been sold. The fee is \$3 for passenger automobiles with a graduated scale for trucks of various weights.

Errors Help Mercers Beat Sacred Heart 7-3

A HIT? YEP! Mercer Funeral Home's Charles "Jo-Jo" Johannigmeier took a mighty swing but topped the ball in the third inning yesterday at Wilson Park. The ball (arrow) bounced in front of the plate and rolled down the

third base line. Sacred Heart players left the ball hot dead (X marks the spot) and Jo-Jo had a single. The Hearts' catcher is Bob Burns and the umpire is Wally Rosenkronz.

Harris Hurls Win; Key Hits By Smith And Johannigmeier

Mercer Funeral Home bounced back in the late innings yesterday afternoon to defeat Sacred Heart 7-3 in an intra-city Southwestern Illinois Inter-City Baseball League contest at Wilson Park.

In taking the first of three scheduled games between the Granite City teams, the Mercers took advantage of three errors to score all their runs in the seventh and eighth innings after trailing early in the game. Only one run was earned.

The victory, coupled with Collinsville's 4-3 victory over St. Clair Heating of East St. Louis, enhances the Mercers' chances for the Blue Division crown. St. Clair has five wins, two losses to the Mercers' 4-3 mark.

Meanwhile, in the Red Division, the combination of the two games puts Sacred Heart (4-3) two full games behind Collinsville (6-1). Winners of the two divisions play in the annual postseason series for the overall league championship.

In other games yesterday, Troy edged Maryville 2-1 and Pocatontas beat Alton 8-6.

Harris Gets Win
Neither starting pitcher was around for the finish at Wilson Park, but both were key. Pat Harris notched the victory for Mercer. He worked the first seven innings, giving up six hits and three runs, before being lifted for a pinch-runner during his team's big eighth inning outburst.

Lefty Cecil Simpson of Sacred Heart gave way to manager Chuck Palmer after the seventh. Palmer took a 6-3 lead in the eighth inning. He had pitched six innings, or shutout, before being lifted for a pinch-runner during his team's big eighth inning outburst.

The Hearts got off to a 2-0 lead in the third when Bob Hot, lefty reliever, pitched. Harris single, Harland Scheibel's sacrifice, an infield error and Don Howard's two-run double. He was thrown out trying to stretch the hit into three bases.

Two Key Dudes
Bob Ketter's single, Sam George's sacrifice and Simpson's single quickly put the Hearts back in the lead, 3-2 in the bottom of the seventh.

The Mercers responded with five runs on a walk to Terry French, an error, Harry Smith's two-run double, another error, Rich Lee's single and a two-bag for Charles "Jo-Jo" Johannigmeier, good for two more runs.

Southpaw Terry Kofahl, who relieved Harris, retired the Hearts' last two batters, although an error in both innings caused him problems. Johannigmeier finished the game's only three-hit performance while teammate Smith and the Hearts' Hoffek and Adrian Rains had two each.

The two teams get together again July 4 and Sept. 7, Labor Day. Next Sunday, the Hearts visit Pocatontas and the Mercers host winless Alton.

Team That Beat GC Takes State Crown

Springfield Griffin, the team that eliminated Granite City in the Staunton sectional championship game, won the Illinois state high school baseball championship Saturday by downing Niles West 6-5 at Peoria.

Griffin advanced by beating Danville 3-2 in the semifinals on a five-hitter by John Daviso, the same pitcher who beat the Warriors 2-1 in nine innings at Staunton.

The Cyclones scored three runs in the last inning and squeezed home the winning run against Niles West.

Fifth 300 Hit On Same Lanes

It's the same old story with a new name at Bowland. Jack Jachino, proprietor, reported that the fifth 300 game of his doubles tournament was rolled Friday night by John Rice, a Collinsville electrician.

Continuing a fantastic string, the latest perfect game was rolled on lanes 19 and 20—just as the previous four. "Boy, I'll be glad when this thing is over," said Jachino, who pays \$150 for each 300. The tourney ends June 14.

Rice's 300 was sandwiched between 234 and 247 games, giving him a 781 series. Partner Walter Kaska of Granite City rolled 457 and with a 13-pin handicap, the pair has a 1451 total for 10th place in the standings.

Leading the pack are Paul Stafford of Edwardsville and Dave Harrell of St. Louis with 1557. Stafford started the 300 string in an earlier tourney effort on May 2.

Since then, Chuck Mazzaola of Collinsville and Cooper Frederick of Granite City have also notched 300s on lanes 19 and 20. Frederick hit two 300s in separate series just an hour apart on May 16.

American Bowling Congress officials have checked measurements of the two lucky lanes after each game and found they meet requirements. Two Alton field men from Milwaukee headquarters have also tested the alleys.

The 300 total might be six. Harris just missed last week when the 10 pin stood on the final toss and he had to settle for 299. He used, of course, lanes 19 and 20.

The competitors are after first-place prize money of \$500. Second place nets \$250 and third \$125. The 724 entries to date have rolled more than 70 series over the 700 mark.

Legion Opens 15-Game Card On Thursday

A 15-game schedule for the American Legion Post 113 baseball team was released today by manager Roy Achenbach.

The team opens with two road games—Thursday at Alton and Monday at Maryville. The first game here will be June 18 against Collinsville. Home games will be played at either Wilson Park's No. 1 diamond or the Granite City high school field.

Granite City will compete for the Northern Zone title in the Legion's 22nd District. Other Northern teams are Collinsville, Maryville, Alton, Glen Carbon and Edwardsville, which finished fourth in the state last season.

Southern Zone teams are East St. Louis, O'Fallon, Macouhatch, Belleville and Lebanon. Granite City will play each Northern team twice and each Southern team once. The zone winners will play for the district title.

Achenbach deleted a game with O'Fallon from the schedule because a definite date for the game has not been set.

At present, there are about 20 players competing for spots on the 16-man roster. Most are Granite City high school players or former members of the GCHS squad. The age limit is 19.

Achenbach said he will announce his roster early this month. The team's first game represents the city in several years.

Workouts were held Thursday and Saturday and another planned this evening. The Granite City schedule:

Rain and wet grounds curtailed most boys' baseball activity in the Quad-City area late last week.

A Park League highlight Thursday was the five-inning one-hitter of Sebold Concrete's Gary Simpson. He struck out 15 and hit a home run. Teammate Roger Belshe also homered.

Other road-trippers reported were by Randy Sykes and John Harding of the Eagles, Mike Binson of St. Elizabeth, Clarence Stephens of Mercer and Charles Frizzell of Western Auto.

Mike Sprankle of the Orphans pitched a three-hitter. Scores and schedules appear elsewhere in this issue.

Crop Spraying, Biggest In Years, Completed
Farmers Aero Spray Co., located at Lakeside airport, has just completed one of the most extensive crop spraying campaigns since the mid-1940s, Jack E. Bettag, head of the firm, announced.

On about May 18, the Army worm started its depredation throughout the American Bottom farmlands and spread through central Illinois and into Missouri, into nearly every acre of wheat.

Left unchecked, the insects could consume a large grain field in two days. After the leaf and head of the wheat is stripped, they migrate to surrounding crops as radish, corn and beans. The insect is produced by the egg-laying Army worm moth. The eggs are laid in rank stands of grass and grain. They are present each year, but usually in such small numbers to make chemical application impractical. This year, however, climatic conditions were just right for the moth to lay many more times her usual number of eggs.

Airplanes were brought into the area from as far south as Louisiana to help, Bettag said. Crop sprayers ran short of diesel, the chemical used, after a few days' special trucks were hired to haul it from other parts of the country. Pilots and loading crews worked from 5:30 a.m. to 9 p.m. daily. Two planes hit tall trees, but there were no injuries, Bettag said.

Census Bureau to Expand June Survey

Reasons why persons seek employment—because of quitting previous jobs, leaving school or other factors—will be asked in an addition phase of the June current Population Survey to be conducted in the Quad-Cities and 356 other sample districts during the week of June 14.

The question will be in addition to the usual inquiries on employment and unemployment included at the request of the Labor Department's Bureau of Labor Statistics in the Census Bureau's monthly Current Population survey.

According to Theodore F. Olson, director of the U.S. Bureau of the Census regional office at Chicago, the bureau also will ask supplementary questions this month of women who have ever been married to obtain information on the number of children born.

Park District Supports Hiring Of Local Youths

The Granite City park district is cooperating fully in the community's "hire the youth" campaign, Harold Brown, park superintendent, noted after scanning a list of 80 situations wanted in Thursday's issue of the Press-Record.

"Some of these youngsters are applied for jobs with the park," Brown said, "but we can't hire everybody, as much as we'd like to."

The district has more than 100 persons on its payroll this summer. Brown said. Including are 13 sophomores and juniors who are at least 16 years old, 19 high school seniors who were graduated Friday night and plan to

attend college, 24 college students who plan to return and 13 teachers from the Granite City school district.

Among the others, eight are senior citizens who normally are retired, Brown said. They include guards and a gate attendant at the softball diamond, and 23 other persons are in maintenance and other positions.

In addition, the district has 31 umpires on its payroll, Brown said, including some high school seniors. He added that all of the employees are members of the park district.

"The youngsters need the money for college and for clothes," the superintendent said. "I've heard comments, especially from high school seniors, that last week—the first they've ever gotten themselves—and were they happy?"

Another list of want ads free of charge to the youngsters is to appear in this Thursday's edition of the Press-Record.

Name Spelled Wrong
A typographical error in the Thursday issue of the Press-Record listed a Granite City high school graduate as John Janel. The correct spelling is John Janel.

Rev. Switzer, pastor of the Dewey Avenue Methodist church for the past two years, came to Granite City from Galatia, where he was succeeded at the time by Rev. Ambsbury. Rev. Switzer, married and the father of two children, said he and his family expect to leave the city Wednesday. The church is located at 2138 Dewey avenue.

No other pastoral changes were made for the Quad-Cities during the conference at Belleville.

Benefit To Peru

The new industry is expected to greatly benefit Peru's agricultural development and in particular, the small farmer, since the only basic raw material to be used in the process will be corn, a crop which is widely cultivated along the Peruvian coast, and in other regions of the country.

Initially, plant operations are expected to involve an estimated yearly consumption of 15,000 tons of corn with this climbing to 20,000 tons in 1965 if market demands justify a greater output.

It was pointed out that the Peru business should be a benefit to small Peruvian landowners, enabling them to raise production and to provide products which the country now imports. The plant has sufficient capacity to meet the needs of Peru corn demand for glucose, starch, edible corn starch, oil and syrups.

Union Starch & Refining Co. has opened a new million-dollar corn refining plant in Lima, Peru, part of its international development program, the firm announced today. It is the largest consumers of Peru corn in the world.

Girl's Eyes Injured In School Bus Mishap

Brenda Townzen, 13-year-old Prentiss Junior high school student was given emergency treatment at St. Elizabeth Hospital Friday morning after being hit by a school bus. Brenda was hit in the face and eyes, and after being squinted by a school bus fire extinguisher. The seven-year-old student, daughter of Mr. and Mrs. Robert Townzen, Rural Route One, was released following treatment.

The accident occurred on school bus run 19, and followed a minor fire started on the bus by students, the second such incident in the past week, the mother reported. Scuffling for the fire extinguisher by the youths caused the accident, Mrs. Townzen said, who credits first aid measures taken by Mrs. James Franko of Old Alto road, as lessening the seriousness of her daughter's injuries.

It was learned today from Bi-State Transit officials that the incident had been referred to Madison county sheriff's office.
